

Eric R. Tudor, WCCP, MBA

Assistant Director Workers' Compensation Claims Services

Eric Tudor has over 16 years of experience in the insurance industry. Before joining InterWest in 2008, Eric worked as a Claims Account Executive in National Accounts for Travelers Insurance. During that time, Eric developed an excellent reputation within the insurance community, which led him to become part of the InterWest team.

Eric graduated from California State University, Sacramento, with a business degree and shortly thereafter entered the insurance world as a Claims Adjuster. After gaining management experience, he was promoted into the role of Hearing Representative where he prepared cases and arguments in front of the Workers' Compensation Appeals Board. Due to company mergers and acquisitions, Eric was asked to assume the roles of Critical Case Manager and Unit Manager. During this time, Eric excelled in these positions and continued his education by obtaining various insurance certifications and earning his Masters of Business Administration degree.

As Eric's skills broadened, he transitioned into National Accounts with Travelers Insurance and worked with the Underwriting Department and various brokers. His responsibilities included marketing new business and maintaining a high level of service for his existing account base, which included InterWest clients. It was at this point that his commitment to excellence and positive demeanor was recognized by InterWest and prompted them to ask him to join their organization.

Eric continues to expand his educational goals and is currently working on obtaining his Broker-Agent License.

Eric has been married to his wife, Christine, for 11 years enjoying their 2 boys, Jacob and Nathan, and one baby girl, Brooklyn.
