

## Jennifer Weathersbee, WCCP, AIC

### Director of Claims

Jennifer Weathersbee has been the Director of Claims for InterWest Insurance Services since joining the organization in 2003. With a strong belief that claims can be successfully managed using a proactive and comprehensive problem-solving approach, Jennifer provides claims consultation services for InterWest's key clients, including those in alternative risk programs.

A graduate of the University of California at Davis, Jennifer has over 20 years' experience in the workers' compensation industry. Having worked for a Joint Powers Authority, a national insurance carrier and a Third Party Administrator, Jennifer maintains a vast industry experience with an emphasis on construction, transportation, food and agricultural industries.

Jennifer has a strong technical expertise as well as a background in education and training. In 1998, Jennifer was selected as one of eight claims personnel to work with Anderson Consulting in Chicago in the development and roll-out of Reliance Insurance Company's proprietary claims

management software. In 1999, Jennifer traveled nationwide providing training for their software and best practices.

As a claims supervisor for Cambridge Integrated Risk Services, Jennifer managed the workers' compensation claims for a large statewide food-industry program and served as the corporate trainer for California where she was tasked with educating employees and supervisors in labor code changes, case law and claims best practices. Jennifer currently manages the InterWest Employers' School which provides claims, loss control and human resources education for clients.

Jennifer holds her Workers' Compensation Claim Professional (WCCP) and Associate in Claims (AIC) designations and will complete the Certified Insurance Counselor (CIC) designation in March, 2010. She has been a guest speaker for industry associations including CalPASC, the California Grain & Feed and the Grower-Shipper Associations.
